Section I: Identification of Substances / Preparation and of The Company / Undertaking

Identification of Preparation: Via-3000, Via-3200
International Designation: Paco Via
Company Identification: Multilayer Worldwide Enterprises
37 East St
Winchester, MA 01890
Phone: (781) 729-0927
Fax: (781) 729-9093
MSDS Preparation by: Multilayer Worldwide Enterprises

Section II: Hazards Identification

Canadian WHIMS: Not a controlled product.
EU Preparation Classification (1999/45/EC): Not a Dangerous Product
Emergency Overview: Dust generated during machining, grinding, or cutting of this material may cause mechanical irritation of the skin, eyes, and/or upper respiratory tract.
Human Health Hazards: None known
Routes of Entry: At temperatures above recommended processing limits, small amounts of carbon monoxide may be generated

Section III: Composition / Information on Ingredients

Section IV: First Aid Measures

Seek immediate medical attention if irritation occurs.
Inhalation: Remove individual to fresh air. Treat respiratory distress as appropriate.
Skin: Remove contaminated clothing and wash skin thoroughly with soap and water.
Eyes: Immediately flush eyes with large amounts of temperate water for a minimum of 15 minutes. Seek medical attention.
Ingestion: Unlikely source of exposure based on expected use. Seek medical attention.

Section V: Fire Fighting Measures

Extinguishing media: Carbon dioxide, foam, dry chemical, water.
Unusual fire and explosion hazards: None.
Special fire fighting procedures: If possible, wear fire resistant clothing and self contained breathing apparatus in any enclosed space.

Section VI: Accidental Release Measures

Sweep or scrape into approved container for proper disposal.

Section VII: Handling and Storage

Handling: General low hazard for usual industrial or commercial handling.
Storage: Store at room temperature in original containers, if applicable.
**SAFETY DATA SHEET**

### Section VIII: Exposure Controls / Personal Protection

**Personal Protective Equipment**

- **Respiratory:** Adequate general or local ventilation.
- **Skin Protection:** Wear protective gloves during handling.
- **Eyes:** Always wear safety glasses or face shield when machining, cutting, grinding, or otherwise handling product.

### Section IX: Physical and Chemical Properties

<table>
<thead>
<tr>

<tr>
<td>Partition Coefficient</td>
<td>Not applicable</td>
</tr>
<tr>
<td>Viscosity</td>
<td>Not applicable</td>
</tr>
<tr>
<td>Total Volatile Organic Compounds</td>
<td>Always wear safety glasses or face shield when machining, cutting, grinding, or otherwise handling product.</td>
</tr>
</tbody>
</table>

### Section X: Stability and Reactivity

- **Stability:** Material is stable under expected conditions of use.
- **Incompatibility:** Strong acids.
- **Hazardous Decomposition Products:** None known

### Section XI: Toxicological Information

- **Effects of Overexposure**
  - Inhalation: None known
  - Skin: None known
  - Eyes: None known
  - Ingestion: None known
  - Chronic Toxicity: None known
  - Mutagenicity: None known
  - Reproductive: None known

### Section XII: Ecological Information

- **Ecotoxicity:** No specific data available
- **Mobility:** Low in soil and water based on negligible water solubility
- **Degradability:** Not biodegradable or water soluble
- **Bioaccumulation:** Extent unknown, material has long half-life

### Section XIII: Toxicological Information

Follow all applicable local, national, territorial, and/or international regulations. Refer to the European Waste Catalog (EWC) for waste code(s).

### Section XIV: Transport Information

Not Regulated.
Section XV: Regulatory Information

No specific Regulatory Information available.

Section XVI: Other information

Current MSDS Date: January 28, 2015
Previous MSDS Date(s): New
